Precious feedbacks from some of our valued teachers and proud parents of children

ENCOURAGE!!

+ Smt. Panicker Sarala Narendran, recipient of The National Teachers Award (Public Recognition of Meritorious Teachers) from Hon. Shri Pranab Mukherjee, the 13th (current) President of India.

Mr. Sunil Tatkar is well known to me. He was a student of mine. He is very innovative and creative. He has developed an extraordinary and effective tool for instilling values and skills in students, in student friendly manner, evoking their interests & developing their skills by actually experiencing the activities. I recommend this method for the all round development of the student.

+ Shri. Karnik, proud parent of Chintan, Age 12 years – student at Vasant Vihar High School, Thane). Attended our 2012 batch.

I must admit, when we came to know about your program & were interested, we had apprehensions about sending Chintan with 'strangers', without any references. But apprehension gave way for confidence when we spoke to you & Mrs. Tatkar. Simple telephone conversations, interactions with both of you, the daily tele-chat with Chintan during the program & of course his beaming face on return only justified our confidence.

+Smt. Dandekar, proud parent of Anaya, Age 12 years – student at Abhinav Vidyalay, Pune. Attended our 2013 batch.

Thanks to both of you..Anaya really enjoyed it..Since morning she could share only couple of days experience...rest is yet to come...Thanks once again...
